

**Princess Alexandra Hospital**  
Orthopaedic Unit – Ward 2A and 2B

## Graduate Nurse Program

### Hospital overview

Princess Alexandra Hospital (PAH) is a large 780 bed tertiary health care centre, providing care in most major adult specialties.

- We are nationally recognised for our expertise in trauma management and major organ transplants.
- We are one of Australia’s leading academic and research health centres.
- Our nursing excellence is internationally recognised, and we are the only hospital in Queensland that has prestigiously been formally recognised as a Magnet organisation since 2004 by the *ANCC Magnet Recognition Program*<sup>®</sup>.
- Continued Magnet Recognition ultimately recognises excellence in the practice of our 2,400 nurses, the delivery of high-quality care, support for personal and professional development, the supportive team environment and the commitment and passion to safe person-centred care.

### Unit information

The Orthopaedic Unit is a 52-bed surgical inpatient unit with a co-located Outpatient Department. The unit admits general orthopaedic trauma, plus complex pelvis, spinal fractures, and spinal cord injuries, as well as hand injuries, hip fractures, tumours and upper and lower limb arthroplasty. Patients are admitted from all over QLD and northern NSW,

In the Orthopaedic Unit the MSH ICARE<sup>2</sup> values and behaviours are embedded into our everyday business. We aim to create a positive workplace where our people can connect with our vision and purpose, feel safe and welcome to contribute, and perform at their best.

### High standards of care

The Orthopaedic Unit is committed to:

- Patient-centred care
- Clinical excellence and innovation
- Dynamic teamwork and leadership
- Nurse professional development
- A culture of success

### Program overview

Graduates on the Orthopaedic Unit are supported by a dedicated team of Nurse Unit Managers, a Nurse Educator, a Clinical Nurse Consultant and Clinical Facilitators.

### Clinical practice

We are passionate in supporting our graduate nurses in their transition to becoming specialist orthopaedic nurses by completing:

- Orthopaedic learning pathway
- Two full day orthopaedic nursing workshops
- Specialist learning packages

### Quality care

Graduates are supported to complete and present a QI project in line with their NHQHS portfolio group. We promote innovation in opportunities for improvement in patient care and nursing practice.

### Hospital initiatives

- Magnet<sup>®</sup>
- Commitment to Reconciliation
- Digital Hospital

## Program benefits
